

**TRANSFER AGREEMENT**  
**Between**  
**BLUE RIDGE COMMUNITY COLLEGE**  
**and**  
**SOUTH COLLEGE**

South College and Blue Ridge Community College Community College hereby enter into a partnership that promotes student transfer and program articulation. The partnership facilitates the transfer of associate degree course credit to program requirements for South College undergraduate programs.

The intent of the agreement is to encourage Blue Ridge Community College students to complete the pre-requisite courses for South College undergraduate programs prior to transfer to South College to begin major curriculum courses (See Transfer Checklist associated with each program). This does not guarantee admission to any South College program. All other academic and program requirements for the major degree and college (such as the college admission requirements, grade point average, technical standards, interviews, drug/background screenings, observation hours, additional courses, etc.) must be satisfied. Students in any articulated program will not be expected to meet any additional (or fewer) requirements than non-transfer South College students.

South College will reserve five (5) seats in the PTA and OTA (5 in PTA, 5 in OTA) programs per each rotation for Blue Ridge Community College students who have successfully completed the programmatic prerequisite courses with a grade of "C" or better AND have met the programmatic requirements for admission to the specified program.

Students who successfully complete the Associate of Science or Associate of Arts degree at Blue Ridge Community College will have all Blue Ridge Community College credits accepted for transfer without evaluation on a course-by-course basis (See Transfer Checklist associated with each program). This does not guarantee admission to any South College program. All other academic and program requirements for the major degree and college (such as the college admission requirements, grade point average, technical standards, interviews, drug/background screenings, observation hours, additional courses, etc.) must be satisfied. Students in any articulated program will not be expected to meet any additional (or fewer) requirements than non-transfer South College students.

Students must complete 25% of any degree at South College conferred by South College.

**ACADEMIC ADMISSION AGREEMENT**

1. Blue Ridge Community College will signify on the student's transcript that the required courses were completed according to the articulated agreement. South College will, when evaluating the student's transcript, honor the terms of the agreement for admission to South College.

2. Prior to completing the courses, students should have access to counsel from Blue Ridge Community College staff on the program of study leading to completion the degree they are seeking at South College. During this period, students should also have access to counsel by South College staff regarding requirements of the program of study at South College.
4. Students must meet all other graduation requirements of South College including the core, major, and professional education requirements. This includes minimum credit hours, institutional/departmental grade and grade point average requirements, and upper division credit and grade point average requirements, as stipulated in the South College Catalog.
5. For participating students, the transfer agreement is effective for six (6) years from the original entry into college level work at Blue Ridge Community College. If more than six years elapse from the student's initial date of participation under the agreement, the transfer agreement in place at the time of transfer to South College will determine the student's progress toward degree completion.

<b>TOTAL SEMESTER CREDIT HOURS</b>		<b>31</b>	<b>TOTAL QUARTER CREDIT HOURS</b>		<b>45</b>

All Courses must be completed with a grade of C or higher to be accepted as transfer courses.

\* Course must be taken at South College and may be taken as a corequisite to major curriculum courses.

Completion of these courses does not guarantee admission into the South College Physical Therapist Assistant program. An application for general admission to South College and an application for admission into the South College Physical Therapist Assistant program must be submitted and the students must meet additional criteria. It is important that students contact the South College Admissions Department (828-398-2500) regarding general admission. See the South College Catalog or website ([www.south.edu](http://www.south.edu)) for additional information.

Note that course requirements may change. It is the student's responsibility to check with South College to ensure all courses will transfer. This list of courses is not intended to replace your academic advisor. See your advisor for assistance in planning your coursework.
